

How 2 - Add text to a Shape

So you have added a shape to your work now you want to add text to label this shape. This is how you do it!...

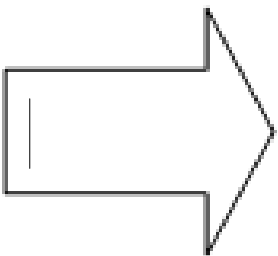

Step 1: Click in the shape with your right mouse button

Text
Wrapping

Step 2: On the list that comes up, about 4th down on the list the words “add text”.

Step 3: A flashing cursor will appear in the shape and you can now type in it! You might have to make your shape bigger to write more or make your text smaller!

GIVE IT A GO!
